CLAIMANT

v.

Corridor Digital, LLC, dba. Corridor Crew

RESPONDENT

### ORDER DISMISSING CLAIM WITHOUT PREJUDICE

PLEASE READ CAREFULLY

On September 19, 2022, the Copyright Claims Board (Board) issued an order finding the claim noncompliant for failure to have either registered the copyright in the allegedly infringed work or applied to register the copyright prior to filing the claim. On October 4, 2022, the claimant submitted a request to have this claim dismissed, informing the Board that the claimant applied to register the copyright in the work and had filed a new claim, 22-CCB-0186. Claim 22-CCB-0186 is now under Compliance Review.

The Board dismisses this proceeding without prejudice and closes case 22-CCB-0068. 17 U.S.C. § 1506(f)(1)(B).
