## ORDER DISMISSING CLAIMS WITHOUT PREJUDICE

On November 20, 2024, the Copyright Claims Board Settlement Officer assigned to this claim held a conference with the parties. During the conference, the parties agreed to dismiss the claims and counterclaims in 23-CCB-0408 and the claims in 24-CCB-0307 without prejudice. Accordingly, the Board dismisses these proceedings without prejudice and closes cases 23-CCB-0408 and 24-CCB-0307. Dismissal without prejudice means the parties may raise the allegations again in the future in a proper forum. The parties explicitly agreed at the conference that neither of them will bring any new proceedings before the Copyright Claims Board against the other and that, to the extent either of them has future claims against the other, they will file any future litigation in the appropriate state or federal court.
